

Children's **ARTS**  
**FESTIVAL**

**Art Opening & Reception**

**February 2nd, 2024**

**4:00 - 8:00 p.m.**

Meet this year's juror,

# Vicki Bean

Art has been a life-long passion for me and teaching art is an integral part of my life. I was inspired by my middle school art teacher who bought two of my first successful paintings. She stayed on me about producing and being serious about my work, as well as suggesting I would be a good teacher. I have the greatest respect and admiration for that lady, and hope to be like her.

One of my greatest strengths is my passion about the students and providing them a quality education. I believe that every student can learn and that taking responsibility for one's actions is paramount. My classroom offers a creative environment with high expectations. The students continually display their work, participate in competition, and build their portfolios. Last year, one of the AP Art students won the "Best of Show" in Mo Art Education Association's state wide competition. Sargent Art sent him and his mother to New York, all expenses paid. This student had never been on an airplane, much less to MOMA. Experiences like this are why art teachers work so hard!

I am a seasoned art and journalism teacher, also with 25-plus years of private sector experience. I continue to do writing and graphic design work, as well as display my paintings and other work. I have a radio and journalism background as well.

My long-range goals include teaching and working with students, as well as other teachers. I want to continue my own education to be a better teacher and artist. I have a commitment to promote arts education in any way I can.

Vicki is also the head of the Senate Student Arts Exhibit! This exhibit was established in 2014 to showcase K-12 fine arts programs in all 34 state senate districts. The exhibit is located on the grounds of the Capitol in the hallway leading from senate parking to the Capitol ground floor entrance. All of the student artwork from this year's Children's Arts Festival was submitted! Senators will select one image from their district to be on display from March 2024 - March 2025.

24th ANNUAL

# Children's **ARTS** FESTIVAL

Thanks  
to our  
sponsors!

## Art Opening & Reception

**Beautiful, Beautiful Sky**  
One night I saw the moon  
Hoping it wouldn't go away anytime soon  
I see shades of blue everywhere  
And I always look at them with so much care  
I have looking at the sky  
Sometimes it's so beautiful I even cry  
It's beauty shines so bright  
And the stars and moon twinkle with light  
Swirls of blue and hints of yellow  
So pretty and I see they mellow  
But sometimes the sky is mad  
Gray dark clouds, oh how they make me sad  
I don't know why but still I feel comforted  
My friends never got it and so they hid  
But I'll always see it's beauty so pure  
And when I ask others if they agree they just say "sure"  
The clouds so angry and stormy  
I understand though, they're telling a story

arts  
council  
of southeast missouri

[www.capearts.org](http://www.capearts.org)

ArtsCouncilOfSoutheastMissouri

semoartscouncil

The mission of the Arts Council of Southeast Missouri is to provide a forum for residents and artists of the Southeast Missouri region to explore, experience and share in the diversity and excitement of the arts.

Educating the public about the arts is something that the Arts Council of Southeast Missouri believes is an important part of creating a sustainable artistic community. We strive to do this in many ways:

- Hosting free monthly programs at our gallery, including exhibitions, classes, demonstrations, lectures, and Q & A sessions with locals who are involved with the arts in various capacities, across many disciplines.
- Partnering with local schools and community organizations who serve underserved and under-resourced youth to provide after-school, arts education programming
- Partnering with local organizations like the VA and Blue Sky Community Center to provide meaningful multidisciplinary arts education programming for veterans and persons with disabilities.
- Keeping our newspaper and other media outlets informed of upcoming events and projects so that they may disperse the information residents of our region.
- Keeping our members, patrons, and community-members informed about workshops and opportunities for continuing their education in the arts.
- Developing meaningful partnerships with artists and arts organizations across the SEMO region to develop programming that is responsive to the needs expressed by communities.
